1 INTRODUCTION

The Operating Budget Guidelines are provided as a budget development framework to ensure consistency across the University. For 2023/24, framework allocations continue to be made according to the methodology of the budget model implemented in 2014/15. The budget model is a hybrid activity-based budget (ABB) model where activity units (Faculties) are allocated a share of central revenue based on activity, and support units receive an annual fixed budget based upon prior year's allocation plus increments related to determined priorities. Further information on the budget model may be seen at <https://provost.mcmaster.ca/budget-planning/>.

The budget for 2023/24 will be developed in the Hyperion system, which is integrated with the PeopleSoft system. The 2022/23 projection and 2023/24 budget submissions in Hyperion will be transferred into PeopleSoft after the budget process for 2023/24 is finalized. A brief overview of the Hyperion submission is given in Section 5.

2 INFORMATION AND CHANGES FOR 2023/24 BUDGET

The following is a list of key information and changes and is not intended to be exhaustive:

- The budget planning horizon will cover the three-year period 2023/24 to 2025/26. Submissions should include updated projections for 2022/23. The 2023/24 budget should be based on a detailed analysis by department and program which will be used as the benchmark for actual results, while 2024/25 and 2025/26 may project revenue and expenses at the envelope level, incorporating major changes. The specific budget approval will be limited to the 2023/24 fiscal year while the future years remain a working document.
- The budget cycle will continue to be divided into two phases:
 - Phase 1 June to October: Support units prepare budgets and activity units prepare a 5 month review.
 - Phase 2 November to March: Activity units prepare budgets.
- Budget presentation conferences will continue to be attended by the Budget Committee, as well as by Deans and Faculty Directors of Administration to provide feedback on the processes and services they are supporting, and to understand and enhance collaboration with other presenting Activity units. The complete submission and presentation schedule is shown in Section 3.
 - The presentations will remain in the same format as prior years with an expectation these will now return to in-person for all presentation meetings.
- Revenue projections, which feed the allocation amounts, will be based on the Provincial funding framework for grants and tuition. Allocation amounts are shown in Appendix A.
 - Support unit allocations include approved strategic investments, as well as a contribution to salary increases for 2023/24.

- Activity unit true-up allocations for 2021/22 and updated projections for 2022/23 will be available by the end of September or early October for use in the 5 Month Review. Activity unit allocations for the 2023/24 budget and outer years based on the November 1 count will be confirmed by early January.
- The Budgeting website contains a section on Preparation of Budgets which outlines the various steps for preparing budgets. <https://financial-affairs.mcmaster.ca/services/budgeting/guidelines-for-preparation-of-budgets/>
- **NEW** The budget submission templates reflect a revised more concise order and content than the previous year – one for activity units and one for support units – and highlight important information in the main part of the narrative, with appendices for Budget Committee. However, **Information for Budgeting Services continues to be gathered on a separate file, entitled “Extra Submission Data”**. Please be sure to download the file and the updated template for the 2023/24 budget from the Budget Guidelines and Templates section of the Budgeting Services website. <https://financial-affairs.mcmaster.ca/services/budgeting/budget-guidelines-and-templates/> The short timeline for presentations results in a large amount of material to be reviewed in a short period of time. **It is now strongly recommended to limit narrative submissions to no more than 12 pages plus appendices. If this recommendation is not followed you may be asked to cut pages during the review process.**
- Please note the following information to be included in the budget submission narrative:
 - **NEW** Internal Benchmarks and performance indicators in section 8 should include items listed in the template where available and appropriate. Any external benchmarks should now be included in the new appendix and limited to comparable Canadian universities.
 - All assumptions must be consistent with these guidelines and no deviations are allowed. Envelope Managers should highlight concerns in their narrative submissions.
 - Net assignable square meters (NASM) and other budget model drivers will continue to be reported as part of the submission, to be provided by Budgeting Services as part of the cover page summary of the budget. The drivers that will be reported for your envelope will be posted in the McMaster Budget Model section of the Budgeting Services website.
 - A staffing section outlining budgeted positions is included in the narrative. While the FTEs calculated in Hyperion are based on hours worked, this Section 4 focuses on trends in fully-staffed complement. Details of requirements are included in the narrative template. For the 2023/24 budget, FTEs will be calculated by Hyperion based on the hours forecast for each employee. This calculation will be consistent with the FTEs used as a driver in the budget model, which includes hours worked by all employees as recorded in the HR payroll system through salary accounts. For more information, please see Section 4.5 and Appendix F.
 - Significant planned capital expenditures must be included. The link to the capitalization policy can be found at <https://financial-affairs.mcmaster.ca/app/uploads/2021/01/Capital-Assets-Policy-Tracking-and-Disposition-2021-Revision-1.pdf>

- Details and explanations of all one-time revenue and expenses must be provided (see Appendix C). Please note that contractually limited appointments (CLAs) are not considered to be a one-time expense unless the position will not continue.
- Reasons for major variances (>\$100K and 10%) of the 2022/23 projection and 2023/24 budget from original budget and prior year actual must be explained in the **Extra Submission Data** file.
- **NEW** Details of transfers outside your envelope balancing to your submission must be provided in the **Extra Submission Data** file. **Before including a transfer in your budget you must confirm that the other side of the transfer has been budgeted.** A report template will be provided in Hyperion and will now request details on where the other side of the transfer is held.
- Hyperion will be used for entering and managing budgets. Information on how to use Hyperion is available in the Hyperion Resources section of the Budgeting Services web site. Drop-in refresher training sessions will be announced. Assumptions for salary increases in accordance with collective agreements and benefit rates in accordance with rates approved by the Budget Committee will be loaded into Hyperion to facilitate calculation of the compensation budget. The 2023/24 budget in Hyperion will be entered in PeopleSoft GL after approval. Refer to Section 4.2 for more information.
 - The Adjusted Budget forms introduced in June 2018 will be open for input to 2022/23 in Hyperion throughout the year. Any changes made in the Adjusted Budget dimension can be copied into the budget. Please refer to the training material on the Budgeting Services web site or contact your Budgeting Services representative (see Section 5) for more information.
 - Form 1.1.2.2 Existing Employees Override will accept changes to labour account numbers for budgeting purposes. Any changes to the HR system still require completion of the HR eForm.
- Appendix F *Frequently Asked Questions* will be updated as further questions arise and posted to the Budgeting Services web site.

3 SUBMISSION AND PRESENTATION TIMETABLE

The dates for the various budget envelope submissions and presentations are shown in the table below. The Vice-President of your envelope must review and approve your budget before it is forwarded to Budgeting Services. Material must be submitted to Budgeting Services on the specified date for review at the following Budget Committee meeting. Workflow is used in Hyperion to transfer control of the budget from submitter to approver within the envelope. Please submit the final narrative and extra submission data file (in Word format) and financial report electronically to your Budgeting Services representative (see contact information in Section 5) for presentation to Budget Committee.

At the budget presentation, assume that the group has reviewed the material provided. Be prepared to highlight your key points, which should be limited to 10 minutes. Following your presentation there

will be a total of 20 minutes scheduled for discussion of the budget submission and feedback from the Budget Committee, Deans, and Directors of Administration.

4 BUDGET SUBMISSIONS

The Budget Committee requests a written plan for all envelopes. Submissions that project an ongoing (structural) deficit (see Appendix C) must include a detailed plan as discussed with the Vice-President outlining how the deficit will be eliminated.

Envelope managers are encouraged to set priorities for their units. This means that envelope managers should prepare a summary for the total envelope and the choices that have been made among the different units within the envelope, rather than describing the activities of each individual unit.

4.1 NARRATIVE

- Updated narrative templates for activity and support units in Word format may be downloaded from the Budget Guidelines and Templates section of the Budgeting Services web site.

- Hyperion summary tables of budget, major variances and transfers to be included in the narrative and extra submission data, may be found in the Budget Guidelines and Templates section of the Budgeting Services web site.

4.2 HYPERION BUDGET ENTRY

Instructions on how to use the Hyperion system are available under the Hyperion Resources section of the Budgeting Services web site. The website also includes a section on preparing budgets, including the various steps involved. A schedule of training sessions will be emailed to all Hyperion users at the start of each budget cycle. One-on-one support is available from your Budgeting Services representative (contact information in Section 5).

Hyperion Cheat sheet: Available on the Budgeting website is a cheat sheet which can be used as an aid when entering in Hyperion (<https://financial-affairs.mcmaster.ca/app/uploads/2020/05/Hyperion-Planning-Cheat-Sheet.pdf>)

Important: Transfers must be entered at the account level in order to balance on a consolidated basis. Interest and debt repayment should also be entered at the account level.

For the 2022/23 projection, Hyperion will be pre-populated with all monthly actual revenue, expense and appropriation results up to the most recently closed month – May for Phase 1, and October for Phase 2. The remainder of the planning periods will be pre-populated as follows:

- Salaries and benefits are calculated using year-to-date actuals plus projections based on the current data for each employee.
 - In Phase 1 for support units, May actuals will be loaded into the 2022/23 projection, and Hyperion will project salaries and benefits for all years based on employee master data loaded from the HR system in June.
 - **NEW** In Phase 1 for activity units, July actuals will be loaded into the 2022/23 projection, and Hyperion will project salaries and benefits for all years based on employee master data loaded from the HR system in August.
 - In Phase 2 for activity units only, actual results for May through October will be loaded into the 2021/22 projection, and Hyperion will project salaries and benefits for all years based on employee master data loaded from the HR system in November.
 - Salaries and wages will be calculated using merit and step increase assumptions for each employee group.
 - Benefits will be calculated using statutory and employer rates for each employee group and salary/wage level.
 - Tables showing the rate assumptions are available in Hyperion under 1.2.1.2.5 Labour Source Data & Assumptions. This data is **STRICTLY CONFIDENTIAL**.
- Revenue and non-salary operating expense totals are based on the latest estimates.
 - In Phase 1 for both support and activity units, the 2022/23 projection and 2023/24 budget will be pre-populated with the original 2022/23 budget. 2024/25 and 2025/26 will be left blank. Plans for 2024/25 and 2025/26 are required by type of expense but

do not need to be entered at the individual account level, with the exception of transfers, interest and debt repayment. During Phase 1, activity units are required to project 2022/23 results – future years are optional and will not be reviewed until Phase 2.

- In Phase 2, revenue and non-salary operating expense totals are not updated. Any entry for future years entered during Phase 1 is preserved.
- Appropriations are updated to the actual amount.

All Smart View comments and supporting detail cells have been carried over from the previous budget cycle, however the numbers have been updated as described above.

- Numbers from the previous budget may be restored using the Smart View copy functions.
- Numbers in supporting detail cells may be restored by editing the supporting details and submitting.
- Instructions on how to use these functions are available in the Hyperion Reference Guide - Opex Module in the Hyperion Resources section on the Budgeting Services website.

You will be notified when the forms and reports are available in Hyperion, expected to be by Wednesday June 29th for Phase 1 and the week of November 21st for activity units Phase 2. A formatted report for submission to the Budget Committee will be available in “Reports” in Hyperion.

4.3 REVENUES, RECOVERIES AND TRANSFERS

4.3.1 FRAMEWORK ALLOCATIONS

Support unit allocations for 2022/23 to 2025/26 are shown in Appendix A. Activity unit allocations will follow when revenue projections based on the November 1 count have been incorporated into the budget model.

Grant and tuition revenue from provincially-funded programs is based on IRA projections. To avoid double counting, envelope managers should not include revenue received through the framework in their budgets. Expenses related to enrolment growth should be budgeted.

Only 2023/24 allocations are approved as part of the budget process. Allocations for 2024/25 and 2025/26 are estimates for planning purposes only. Final adjustments to activity units' 2021/22 allocations for actual revenue and enrolment will be made during the 2022/23 fiscal year.

4.3.2 OTHER REVENUE, RECOVERIES AND TRANSFERS

In addition to the budget framework allocation, envelopes generate other internal and external revenue and recoveries, and may have internal transfers within the University. External revenue and recoveries represent new money to the University, while internal revenue, recoveries and transfers move money around between departments.

Revenues include the possibility of a gain or loss. External revenues would include grants, sales, fees, donations, and sponsorships. Internal revenues are generated when one University unit provides goods or services to another and receives more than the direct cost (i.e. receives a profit or overhead factor). This would include lab fees, registration for McMaster conferences, and ancillary sales. External revenue is shown in Hyperion in categories Government Grants, Tuition Fees, Research Overhead,

Sales, and Investment Income. Internal revenue is included with Research Overhead and Internal Revenue in Hyperion.

Recoveries represent a reimbursement of an actual cost, with no possibility of gain or loss. Recoveries may be from internal or external sources. The amount received just recovers an amount already paid, with no profit or overhead built in. This commonly includes all or part of payroll, equipment or supply costs. Internal recoveries are included with Internal Revenue in Hyperion. External recovery accounts are shown in the Other Revenue category in Hyperion. Specific salary and benefit recoveries are categorized with salaries and benefits in Hyperion/PeopleSoft.

Transfers can be used for any internal transaction with the exception of internal revenue, and are included in the Transfer category in Hyperion. Generally, accounts on both sides of the entry must be the same. Please refer to Appendix E for a complete list of transfer accounts and a decision tree to determine the correct account to use. Any transfers budgeted must be confirmed with the envelope on the other side. A Hyperion report balancing to the transfers budgeted at the envelope level must be included in your **Extra Submission Data** file.

4.4 EXPENDITURES

Below are the salary, benefits, and operating expenditure guidelines to be used to develop the 2023/24 budget. Salary increase and benefit rate assumptions will be loaded into Hyperion along with data for each employee and will be used to calculate salary, benefit, and FTE forecasts.

4.4.1 SALARIES AND WAGES

Changes in faculty or staff complement should be budgeted on the expected effective date of the change (normally July 1 for faculty). Since the University's fiscal year is May 1 through April 30, this may result in less than a full year's expense and calculated FTE.

Salary and wage increase assumptions as approved by the Budget Committee have been built into Hyperion. These assumptions are based on the collective agreements currently in effect, government directives, and future across-the-board increases. Any lump sums included in collective agreements have not been included in increase rates and should be budgeted as a hedge. **Salary increase assumptions are for modelling purposes only.**

Tenure stream (tenure track and tenured), special stream (CAWAR), teaching stream (teaching track and permanent teaching), contractually-limited appointments (CLAs), graduate teaching assistants and undergraduate teaching assistants should be budgeted in separate accounts.

A complete list of salary accounts and related benefit accounts is provided in Appendix D, along with a table of all union groups and the correct account(s) to use for each.

4.4.2 BENEFITS

The benefit costs charged to departments consist of the employer share of statutory government remittances, pension contributions, insurance and surcharges. Employee Benefits Task Force 2 (BTF2) was established in 2018 to address two key topics. The first topic included reviewing the current benefit rates as to their competitiveness and to see if they could be reduced going forward. The second topic included a review of the principles and methodologies which the university is using to allocate employee benefit costs to departments and projects with recommendations for changes where appropriate. As

a result of the BTF2 recommendations, the average rate (defined as a TMG employee in the defined benefit plan earning \$90,000 per year) was reduced to below 30%.

For 2022/23, the employer contribution to the pension plan is 125% of employees’ contributions for the year; this is based on changes to the pension legislation and updated projection analysis. For 2022/23 budget year this rate drops to 110% as a result of the latest actuarial valuation filed with the Province. For 2022/23 and 2023/24 high level planning should assume 110%.

Other changes from the task force first introduced three years ago include:

- The MUFA Child Care Surcharge changed from a percentage of salary rate to a flat dollar rate, since the benefit to individual employees does not depend on salary level. The rate to be charged for 2023/24 is \$400 per employee; for planning purposes, the rate in 2024/25 and 2025/26 should assume a rate of \$400 per employee.
- Paid Education Leave (PEL) and Social Justice Fund, previously charged to the benefits surcharge, will now be charged directly to departments similar to CPP.

The extended health and dental premiums increase by 4% for 2023/24; premium increases for 2024/25 and 2025/26 are projected at 4.5% per year.

The MUFA and TMG dependents/spouse external tuition bursary/reimbursement program for undergraduate and graduate programs where the student is enrolled at an accredited post-secondary institution within Canada, other than McMaster came into effect July 1, 2019 with first payments in fall 2020. These are included in new benefit surcharge. The rate to be charged in 2022/23 will be \$247.00 per employee (MUFA) and \$190 per employee (TMG); the rate in 2023/24 and plan years will drop to \$235 per employee (MUFA) and \$155 per employee (TMG). For planning purpose, the rate for 2024/25 drops to \$225 (MUFA) and \$150 (TMG) and the rate for 2025/26 will be \$220 (MUFA) and \$145 (TMG)

Tables showing the components and computation of benefit rates are available in the Benefit Rates section of the Budgeting Services web site. <https://financial-affairs.mcmaster.ca/benefit-tables/> The rates in these tables are used in the Hyperion labour planning module to calculate benefits based on salary level. Changes to actual charge-out rates are possible if more information becomes available.

4.4.3 PROFESSIONAL DEVELOPMENT ALLOWANCES

MUFA Faculty PDA – May 1/22	\$2,700 per year
MUFA Faculty PDA – May 1/23	\$2,800 per year
MUFA Faculty PDA – May 1/24	\$2,900 per year
MUFA Faculty PDA – May 1/25	\$2,900 per year
MUFA Librarian PDA – May1/22	\$2,250 per year
MUFA Librarian PDA – May1/23	\$2,350 per year
MUFA Librarian PDA – May1/24	\$2,450 per year
MUFA Librarian PDA – May1/25	\$2,450 per year
MUALA Librarian PDA – May 1/22	\$2,425 per year

MUALA Librarian PDA – May 1/23	\$2,500 per year
MUALA Librarian PDA – May 1/24	\$2,500 per year
MUALA Librarian PDA – May 1/25	\$2,500 per year
TMG	\$2,500 per year

4.4.4 NON-SALARY EXPENSES

4.4.4.1 OCCUPANCY COST

For ancillary and support units’ occupancy costs, base space charges are aligned with the budget model. Base services provided by Facility Services are incorporated into the rent rates. There will continue to be additional charges for enhanced and special services as negotiated by each unit. For details of rent calculations, contact your Budgeting Services representative (contact information in Section 5). Insurance will be charged separately based on actual premiums paid.

Costs of space are assigned based on the prior year actual space inventory (on a slip-year basis) unless otherwise notified by Budgeting Services for large new buildings opening mid-year. Changes in assigned space will be reflected in the following year’s projections, thus occupancy cost adjustments for approved relinquished space will take effect for the next budget cycle. Any unit wishing to relinquish underutilized space should provide information on the type and amount of space and the desired timeframe for relinquishing it to their envelope Vice-President by December 31, 2020. The VPs will assess if the relinquished space is of a type and configuration that would be usable by another unit. The VP and/or Space Management Committee will make all reasonable attempts to match the space to known needs expressed by other units, however, the unit to which the space was originally assigned will remain responsible for the occupancy cost until the end of the next budget cycle.

4.4.4.2 CAPITAL EQUIPMENT

Please refer to the capitalization policy and provide an explanation of significant expenditures. Asset categories, dollar thresholds and account numbers are summarized in Appendix F.

4.4.4.3 SCHOLARSHIPS AND BURSARIES

Identify separately, all amounts paid directly to students.

4.4.4.4 SUPPLIES AND EXPENSES

All non-salary expenditure not itemized above. Please note that Microsoft software is now provided through McMaster’s site license. The cost of individual licenses should not be budgeted.

4.5 EMPLOYEE FULL-TIME EQUIVALENT (FTE)

FTEs will be calculated by Hyperion based on the hours forecast for each employee. This calculation will be consistent with the FTEs used as a driver in the budget model, which includes hours worked by all employees as recorded in the HR payroll system through salary accounts. FTEs are the actual time worked compared to standard hours for that position. For example, if a department has 3 part-time

employees working a total of 70 hours per week with standard 35 hours per week, the department has 2 FTEs.

Information about actual paid FTEs for all employee groups is available to envelope managers through Hyperion. Please note that FTEs for TAs and sessional faculty are based on a standard 1,825 hour year and not on head count, i.e. a full-time TA of 266 hours is a 0.15 FTE, and a sessional lecturer teaching 3 units at a standard of 238 hours is a 0.13 FTE.

Please refer to the FAQs in Appendix F for additional details on FTEs.

4.6 OPERATING SURPLUS (DEFICIT)

The expectation of the Budget Committee is that the envelope is in either surplus or balanced position in each fiscal year. Envelopes with an operating deficit should bring forward a plan as discussed with the Vice-President on how to achieve a balanced budget. Carry forward amounts are not meant to be used to support ongoing operations.

4.7 APPROPRIATIONS

Appropriations are calculated on the budget submission report. The in-year operating surplus (deficit) is added/subtracted to the opening envelope appropriation to determine the ending balance at April 30th.

4.8 REALLOCATION REQUESTS

The Budget Committee will not be accepting any reallocation requests as part of the budget submission. The Budget Committee will examine the unusual and significant cost pressures that have been absorbed in your envelope and the implications for your unit's mission as provided in the revised budget document template Section 1.

5 CONTACT INFORMATION

If you have any questions or concerns regarding the Operating Budget please contact your Budgeting Services representative:

Tanya Thompson	24261	tthomps@mcmaster.ca
Paola Morrone	23934	morronep@mcmaster.ca
Chris Sylvester	24766	sylvest@mcmaster.ca
Carly Welch	27026	welchcm2@mcmaster.ca
Erick Jannini	21991	janninie@mcmaster.ca

The Budget Committee would like to thank you in advance for your continued commitment and effort in building a fiscally sound and accountable budget that will provide a secure future for McMaster.

APPENDIX B – 2023/24 BUDGET CYCLE TIMELINES

Week of	IRA	Facility Services	Budgeting Services	Support Units	Budget Committee	Deans	Activity Units	Ancillary Units	
Jun 20-22		Finalize NASM	Issue support unit guidelines - June 24th		Approve FY23 benefits & support unit guidelines - June 22nd				
Jun 27-22				Work on budgets (15 weeks)			Work on 5 Month Review (Hyperion read only - 7 Weeks)		
Jul 4-22									
Jul 11-22									
Jul 18-22									
Jul 25-22									
Aug 1-22									
Aug 8-22									
Aug 15-22	Finalize FY22 actual revenue								
Aug 22-22								Work on 5 Month Review (Hyperion available - 9 Weeks - Later start as holding back Hyperion entry For July HR data - Faculties request)	
Aug 29-22									
Sep 5-22	Finalize FY23 estimated revenue								
Sep 12-22									
Sep 19-22									
Sep 26-22									
Oct 3-22			Issue FY20 actual & FY21 estimated allocations - Target Oct 7th						
Oct 10-22									
Oct 17-22			Send support unit submissions to Budget Committee & Deans	Budget submissions due	Review support unit submissions		5 Month Review due		
Oct 24-22									
Oct 31-22			Send support unit submissions to Budget Committee & Deans	Support unit budget presentations Oct 31st / Nov 4th					
Nov 7-22					Review support unit submissions				
					Support unit budget presentations Nov 14th				
Nov 14-22			Send support unit resubmissions to Budget Committee if necessary	Resubmissions due if necessary	Approve 5 Month Review	Written feedback on presentations due Nov 18th			
Nov 21-22	Finalize enrolment and revenue estimates		Issue activity and ancillary unit guidelines without allocations - Nov 25th		Approve activity and ancillary unit guidelines without allocations/ Template				
					Rank unfunded priorities - New Longer meeting				
					Receive support unit resubmissions if necessary				
Nov 28-22									
Dec 5-22	Issue activity unit metrics		Begin Revision of budgets for approved priorities						
			Review draft allocations with BPCC/ Provost/ VPOF Dec 8th						
Dec 12-22			Issue draft activity unit allocations to Faculties - Target Dec 12th						
Dec 19-22							Work on Budgets (16 weeks)	Work on Budgets (16 Weeks)	
Dec 26-22									
Jan 2-23			Send activity unit allocations to Budget Committee						
Jan 9-23					Review activity unit allocations				
Jan 16-23									
Jan 23-23					Response to Deans' written feedback due				
Jan 30-23									
Feb 6-23									
Feb 13-23									
Feb 20-23									
Feb 27-23	Update revenue estimates								
Mar 6-23									
Mar 13-23							Budget submissions due - March 13th and 17th		
Mar 20-23			Send budget submissions to Budget Committee & Deans - March 20th and March 24th		Review activity & ancillary unit submissions				
Mar 27-23					Activity & ancillary unit presentations March 27th and March 31st				
Apr 3-23			Send Fund 20/30/45 budget tables				Budget resubmissions due if necessary (Apr 5th)		
Apr 10-23					Receive resubmissions if necessary				
Apr 17-23			Send final consolidated budget						
Apr 24-23					Approve final consolidated budget				

APPENDIX C – ONGOING VS. ONE-TIME REVENUE AND EXPENDITURE GUIDELINES

It is important to separate one-time from ongoing items within budget reporting to be able to clearly identify if a unit’s funding/revenue can sustain its level of operations on a continual basis.

Ongoing expenditures

An ongoing item is one that is incurred in the normal operations of a unit. It is a part of the regular activities and required on a continual basis for the efficient and productive running of the unit. Examples would be salaries and benefits for permanent employees, supplies, telecommunications, printing, computer purchases (if done on a rotating basis through the unit), and travel.

One-Time Expenditures

One-time items are those that would occur within a single reporting period and which are unlikely to recur in the future, although they could cross over multiple reporting periods. These would be items that are not part of the normal activities of a unit. Examples would be severance payments, consultants/contractual staffing used for a specific time-defined project, computer purchase that would be large and one-time (system replacements), large capital purchases, large renovations.

Structural Deficit

A structural deficit occurs when the regular ongoing costs within a unit exceed the regular ongoing revenue/allocation for that unit. This means that the income is not sufficient to cover the costs of regular ongoing operations. A structural deficit in the ongoing operations of a unit cannot be sustained as it shows that the unit will not be able to cover its costs on a continual basis. A deficit in the ongoing operations of a unit may not be considered a structural deficit if there is a reasonable strategy to address the deficit.

One-Time Deficit

A budget deficit may be incurred in a particular year within an area due to one-time expenses. This does not mean that the deficit will occur in all years, as the expenses will reduce to normal levels once the one-time event has been completed.

	Structural deficit			One-time deficit		
	Ongoing	One-time	Total	Ongoing	One-time	Total
Year 1						
Revenue	1,000	50	1,050	1,000	50	1,050
Expenses	1,050		1,050	950	150	1,100
Surplus (deficit)	(50)	50	0	50	(100)	(50)
Year 2						
Revenue	1,000	0	1,000	1,000	0	1,000
Expenses	1,050		1,050	950		950
Surplus (deficit)	(50)	0	(50)	50	0	50
Cumulative surplus (deficit)	(100)	50	(50)	100	(100)	0

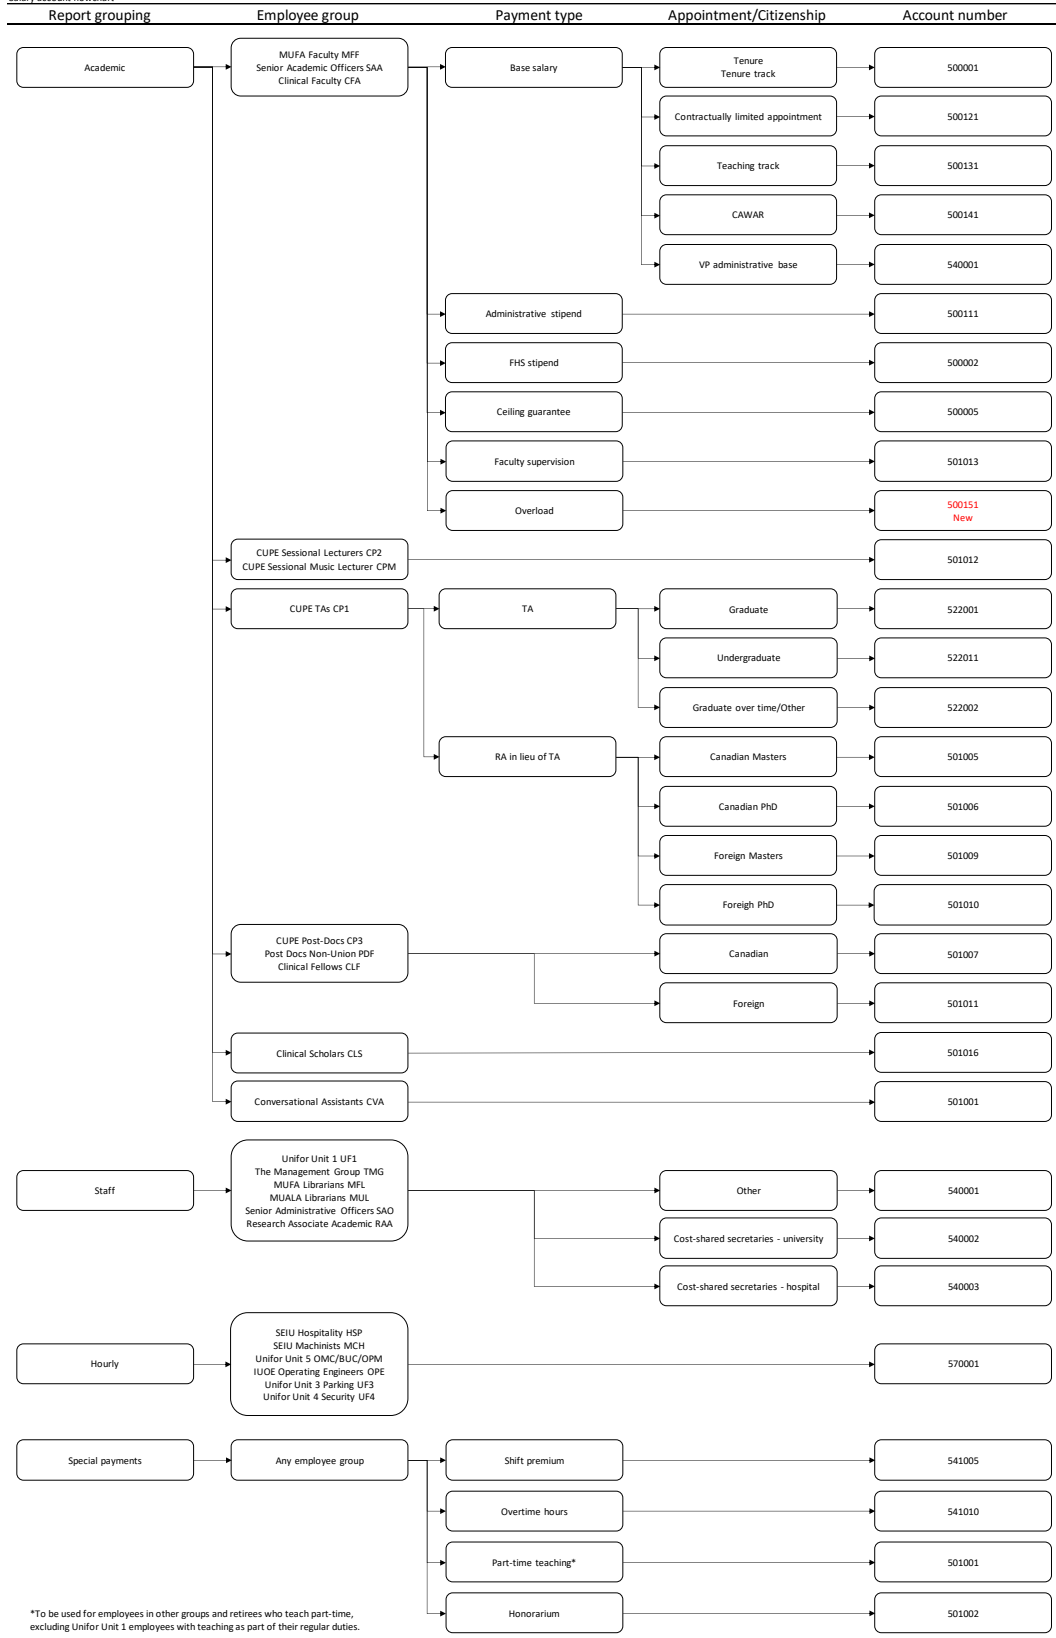

A structural deficit will continue to build and is unsustainable.

A one-time deficit can be covered by surpluses in other years.

APPENDIX D – LABOUR/BENEFIT ACCOUNT MAPPING

McMaster University

APPENDIX E – TRANSFER ACCOUNTS

DO use transfer accounts on journal entries

DO use the same transfer account on both sides of the entry

DO use the accounts in black below

DON'T use on deposits, vouchers, purchase requisitions, etc.

DON'T use the accounts in gray below (reserved for the offices as shown)

Fund:	20	30	45	50/55	60	70/75/77	72/78	80/85	Description
	Operating	Ancillary	Specifically Externally Funded	Research	Capital	Trusts & Endowments	Cost of Practice	FHS Research	
1. Transfers within the same Fund									
General transfers									
Within the same budget envelope	480040	480040	480040						
To/from a different budget envelope	480050	480050	480050						
Specific transfers									
Operating allocation	480000								Allocations of central operating funds per the budget framework.
University Fund specific allocations	480005								Allocations from the University Fund to activity units for specific purposes, and to support units for on-going funding - entry initiated by the Provost's Office.
University Fund funded priorities	480010								Used only in the University Fund to record the total of current funding awarded by the Budget Committee.
Appropriation transfers	480099	480099	480099						May be used to transfer appropriation balances between departments/programs within the same envelope. Appears below the total surplus/deficit, before net income.
Deferred exam fee transfers	480105								Transfer fee revenue to Faculties - entry initiated by the Registrar's Office.
Internal research subgrants				480050				480040 Dr 480050 Cr	Subgrants to research projects within the same Fund.
Research residuals				480200				480200	Remaining balance in research projects transferred to unrestricted Funds 50 or 80.
Multi sponsor revenue transfer				480930				480930	Limited to multi sponsor projects for the transfers from the funding source project to the main PI project
2. Transfers between different Funds									
General transfers not specified below	480150	480150	480150				480150		
Internally funded research awards*	480925		480925	480925			480925	480925	Grants funded by Faculty departments, transferred to research projects. If the original source is Trust, Fund 55 or 85 must be credited.
Research subgrants between projects				480150				480150 Dr 480950 Cr	Subgrants to projects between FHS Research and MRF.
Research overhead income									
CRC	475002 Cr		475002 Cr	809005 Dr				809005 Dr	Overhead/administration fee charged to research projects and reimbursed to Faculties/Departments.
ERA	475003 Cr		475003 Cr	809005 Dr				809005 Dr	
Contract overhead	475004 Cr		475004 Cr	809005 Dr				809005 Dr	
Research royalties	489100			489100				489100	Royalties earned on intellectual property - entry initiated by MILO.
Ancillary/Operating internal rent	480055	480055							Rent charge for specified departments reimbursing Facility Services - entry initiated by Financial Services.
Ancillary contribution to Operating	480065	480065							Percentage of ancillary sales contributed to operating funds.
Capital from all Funds	480900 - 480910								Restricted to Facility Services for capital transfers.
Research to Capital				480920	480920			480920	Transfer from research projects for capital - initiated by Facility Services.
3. Trusts									
Between Trust and all ledgers*	480700		480700	480700	480700	480700	480700	480700	Almost exclusively transfers out of trusts Fund 77. On rare occasions may be a transfer to trusts.
Investment income allocated (75 to 77)						480750			Restricted to Financial Affairs department - allocation from Fund 75 to 77 for trust spending.
Required match from other Funds to Trust	480770		480770	480770	480770	480770		480770	Used only for matching funds transferred to trust as per trust gift agreement.
Interest transfer to Operating	480772					480772			Restricted to Financial Affairs department - Investment income from internal endowments allocated to Fund 20 for spending.
Trust administration to Advancement	480751					480751			Restricted to Financial Affairs department - administration fee charged to trusts.

*Trust funding transferred to research through operating: Revenue is recognized in trust when transferred, expense in trust in account 480700 when transfer made (received in operating in 480700), transfer from operating to research (55/85) in 480925 which nets in expense

APPENDIX F – FREQUENTLY ASKED QUESTIONS

General

1. Why has the submission template been revised (June 2022)?

Recent feedback from Budget Committee and others that attend the Budget Conferences was that the submission narratives were growing too long. This resulted in a considerable amount of pages in the package to be reviewed by Committee members prior to the presentations. The template has been re-ordered and the required information reduced in an effort to make the submissions more concise and relevant to the budgets and financial pressures of the budget envelopes.

2. How do appropriations and carry-forwards work? How do we show them?

Appropriations and carry-forwards are unspent (surplus) or overspent (deficit) funds from the previous year. Appropriations or carry-forwards are shown at the bottom of the budget submission form. The opening balance for a particular year should be the closing balance from the prior year for each category.

Total revenue, expenses and appropriations for all types (ongoing and one-time) are summarized in the last lines of the form.

A_6000 Surplus/Deficit: The total of revenue and expense before reallocation of appropriations within the envelope for the type (On-Going, One-Time or All Type) selected in the point of view.

A_480099 Appropriation transfer: Optional reallocation of appropriations between departments and programs within the same envelope and fund.

A_3000 Net Income: The total increase or decrease during the year after all revenue, expense and appropriation transfers for the type (On-Going, One-Time or All Type) selected in the point of view. Note that this total could be different than the Deficit or (Surplus) – All Types if the point of view has selected only On-Going or One-Time.

Total Revenue – All Types: The total of all ongoing and one-time revenue.

Total Expenses – All Types: The total of all ongoing and one-time expenses.

Deficit or (Surplus) – All Types: The net of all ongoing and one-time revenue and expenses.

Appropriation Transfers – All Types: The net of all ongoing and one-time appropriation transfers.

Opening Appropriations – All Types:

Actual and 8 Month Review: Actual ending appropriations carried forward from the prior year

Budget: Ending appropriations carried forward in the current forecast

PS Adjustments – All Types: Actual year-to-date journal entries to appropriation accounts in PeopleSoft GL. The only entries to appropriations should be corrections of errors occurring in the prior year-end roll-over.

Closing Appropriations – All Types: Total of Deficit/(Surplus), Opening Appropriations, Appropriation Transfers, and PS Adjustments

3. Why is there such a long time between submission and presentation?

Budgeting Services needs the time to review budget submission prior to forwarding it to Budget Committee. The Budget Committee also needs time to review the submission before the meeting.

4. What are Ancillaries?

Ancillaries are units that operate as profit centres. They generate their own revenue to cover both the direct and indirect expenses of their operations. The University has six areas that operate as profit centres. They are:

- Campus Store
- Centre for Continuing Education
- Hospitality Services
- Housing & Conference Services
- Media Production Services
- Parking

5. If your budget is rolled up into a larger unit, how do you know what your allocation is?

To get your allocation you can contact your Director of Administration, Business Manager or Budgeting Services.

Revenue and Funding

1. How do we budget for recoveries received for work done by part-time employees? When do we use the 'Recoveries' line?

Normally, recoveries for part-time staff (Work-study, MacWork) go directly against the salary account where the salary is paid from. In some cases departments may wish to use a part-time salary recovery account (541801).

Salary

1. How are FTEs calculated? What about FTTEs?

FTEs are not head counts. For Unifor and TMG staff, FTEs are calculated based on time worked as a proportion of total hours available in the year, depending on the standard work week of that employee:

- 35 hours/week = 1,825 hours/year
- 37.5 hours/week = 1,955 hours/year
- 40 hours/week = 2,086 hours/year

For employees working a total of 1,217 hours in a year on a position with a standard work week of 35 hours, the calculation would be:

$$1,217 \text{ hours worked} / 1,825 \text{ hours available} = 0.67 \text{ FTE}$$

Faculty FTTEs (full-time teaching equivalent) are normally the same as FTEs, and are not needed on the submission.

2. Where can I find details of my FTEs?

A report showing actual and projected hours and the resulting FTE calculation is part of the Hyperion labour planning module forms under 1.2.1.2 LABOUR. Total hours by employee are available on 1.1.2.3 Labour Hours Input. Details of FTE by employee are available on 1.2.1.2.1 Variance Report Detail by Employee.

3. Do you count contract positions?

All hours paid to employees through the HR payroll system are counted toward FTE.

4. What salary and wage assumptions will be used?

Salary expense estimates calculated through Hyperion will be based on the signed collective agreements with McMaster University. For estimates in the absence of specific salary details, assume the continuation of the current contract or agreement including, where applicable, across the board, scale, merit, and CPM increases. Assumptions used in the Hyperion labour planning module may be viewed in the forms under 1.2.1.2.5 Labour Source Data & Assumptions. Salary estimates are for modelling purposes only.

5. How should positions undergoing evaluation be handled?

Budget the salary costs at the expected pay rate after evaluation, including any retroactive amounts that may be payable. Adjustment may be made to the employee's hourly rate through Hyperion on form 1.1.2.2 Existing Employees Override, with retroactive payments entered as a hedge.

Benefits

1. Most of my staff are single and I have consistently been under budget in benefits when using this formula? Can I revise the formula?

The benefit rates prepopulated as part of the assumptions in Hyperion consist of a factor for each employee group that will bring the overall rate closer to the actual charges. If the resulting calculation is unreasonable, a hedge may be entered.

2. Do you have to budget MPDA even if staff never use it?

Yes. MPDA budgets must be allocated as long as the employee is part of the department.

Non-salary

1. How can I tell which account to use for capital?

Projects performed by Facility Services and funded from operating accounts must use transfer account 480910. Minor renovations and alterations should be charged to account 620000. Other accounts outlined in the capital assets policy are summarized below. For full details refer to the Capital Assets policy at <https://financial-affairs.mcmaster.ca/app/uploads/2018/07/Capital-Assets-Accounting-Policy-2019-Final.pdf>

Classification	Threshold	Account	Estimated life (years)
