Repeat steps 9 to 14 for each line on your requisition.
Requisitions for services, or large goods that require multiple payments for the same item (meaning the supplier will be issuing more than 1 invoice to be paid) should be setup as **Amount Only** Requisitions. **Skip this step if the supplier is issuing only 1 invoice against the purchase order.**

15. a) Click on the **Attributes** tab.
   b) Select ‘**Amount Only**’ so a check mark appears in that field.

   ![Maintain Requisitions](image)

   **Amount Only** will allow the receiving and payment to be done by the **Amount**, and **not** by quantity. The quantity will default to 1.

**IMPORTANT**: Your PO cannot be both Quantity and Amount Only. If you have multiple lines on the PO, they must be the same in order for receiving and payment to be processed.
When the prompt message appears select ‘Yes’ to confirm.

Note that quantity field is unavailable for entry and the system has now hardcoded the quantity to 1, but the price field is now open. When you go to perform Receipts on this purchase order you will now be able to receive on price rather than quantity.
16. **Adding Attachments:** Purchase requisitions always need an attachment added as an Approval Justification to confirm the goods/services have been procured through a process meeting current Purchasing Policies. Please refer to the current Purchasing Policy for requirements.

Click on **Add Comments** and a new Prompt box will appear.
17. **Adding comments:**

Note the comment box is 1 of 1 and hitting the + button allows for additional comments to be added. If you added a comment box which you want removed hit the **Inactivate** button and the comment box will be removed.

Routing a Sole/Single Source Form to the AVP of Admin & CFO:

19. Adding a Sole Source to a requisition- How to guide a form to the AVP of Admin & CFO (Refer to SP01 to see if your order meets the required thresholds):
   http://www.mcmaster.ca/bms/policy/purchase/SP-01.pdf (Example over $10,000 a Sole Source would be required if you are unable to obtain 2 competitive quotations).

To be compliant with laws, regulations, public policy and McMaster University’s Strategic Procurement Policy SP-01, all acquisitions must be subject to competitive bidding. In rare, specific or exceptional circumstances, only one supplier or consultant may be able, or capable, of providing goods or services.

When a competitive bid cannot be completed for an acquisition the purchaser must complete a Single/Sole Source Certificate and get appropriate approval signatures. The AVP Administration & CFO is to be completed electronically via PeopleSoft.

Ensure you have attached your Sole Source to the “Approval Justification” in the comments portion of the requisition. (Instructions as listed above within page 15 – 17 to add attachments).
a. Select **Requisition Activities** in the Header.
b. Hype in the words “Sole Source” under Comments and then click off “Done” so a check mark appears. This will route the requisition to the **AVP of Administration/CFO** for review/approval.
c. The AVP of Admin/CFO will now be listed as one of the approvers on the requisition once the requisition is saved and submitted for approval. To see the routing go to View Approvals found within the main page of the requisition. Once the View Approvals is selected you will then be able to see the name of the AVP of Administration/CFO (D. Henne.)

The flow of the Requisition:

- The Purchase Order will be sent to the Supplier by the PeopleSoft system or by a Procurement Specialist.
- The Goods or Services are then received by you the end-user, unless the goods you had purchased had come directly to HSC or General Receiving. A Receipt ID Number is assigned to the Purchase order once the Goods or Services are received in PeopleSoft.
